Stage II Vapor Recovery Training - required by the GA Environmental Protection Division (GA EPD). GA Air Quality Rules state the following:

Each owner or operator shall ensure that at least one facility representative receives training and instruction in the operation and maintenance of the specific Stage II vapor recovery system in use at the facility. Such training shall be provided by the qualified instructor on the specific Stage II equipment. The trained facility representative shall instruct other appropriate facility employees as to the purpose and operating procedures of the system.

The **Georgia Tank & Environmental Contractors Association (GTEC)** has agreed to provide this training on the below listed dates:
